

# Transpacific Yacht Race

## Nautical Cloud Race Registration System

Basic steps to enter the Transpac Race.

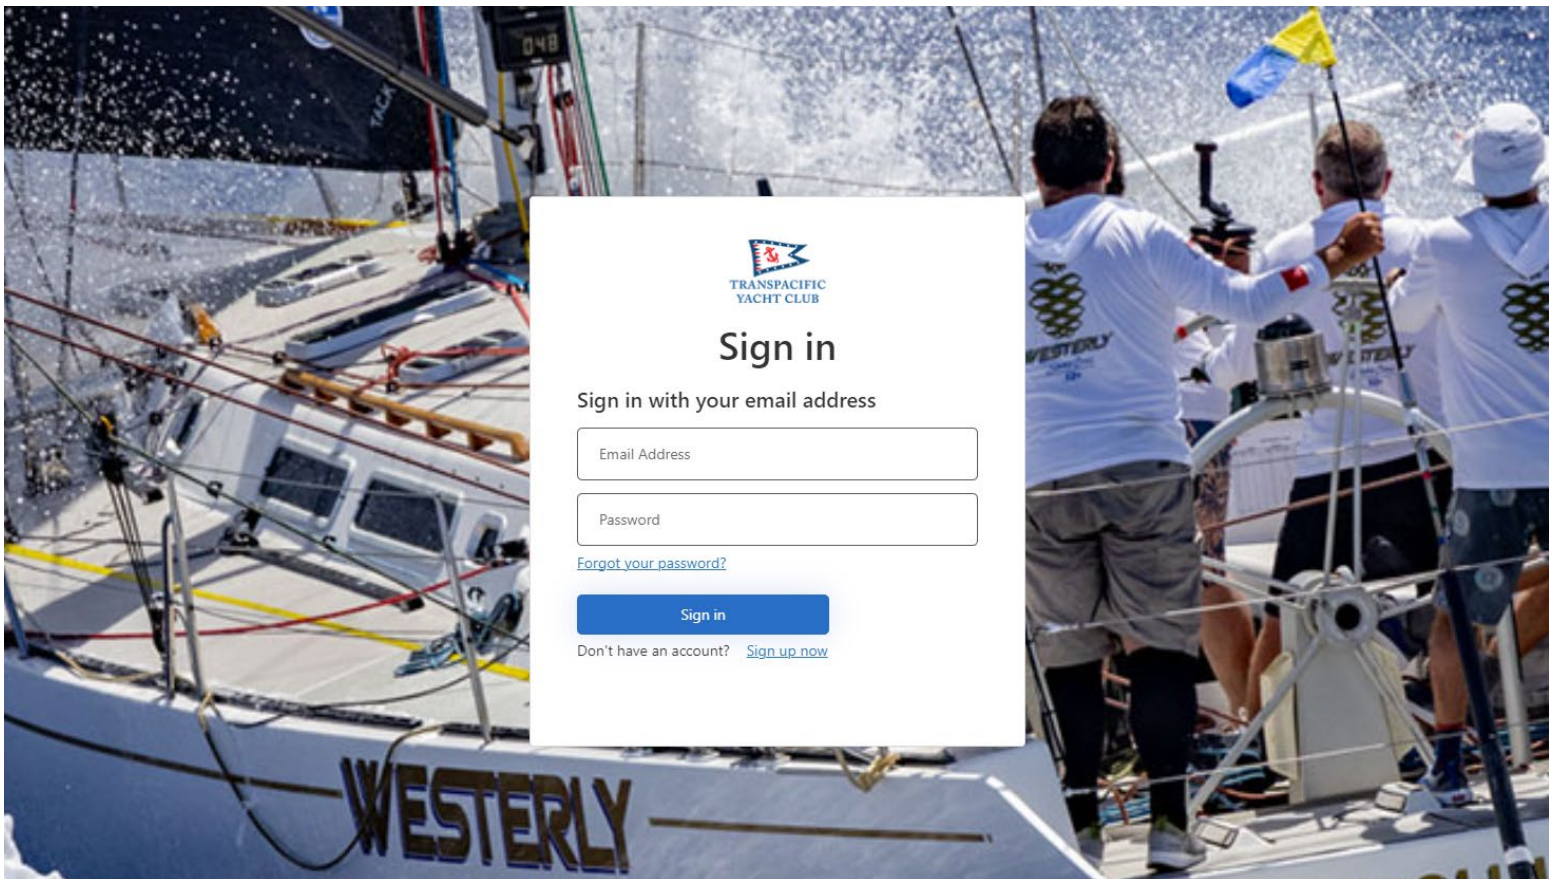

1. Create Account in Registration platform
2. Add A Boat
3. Enter the Race

### 1. Create Account

To create a new profile on the new Transpac Race registration system, you must create an account. *This is separate from your Transpac Membership where you may have paid dues in the past.*

Best user experience for initial setup is on a computer. The rest is just as easy on mobile device once you're set up.

To start go to: <https://racing.transpacyc.com/>

- Enter the email address you'd like to use to create an account and receive a verification code sent to your email.
- Create a password
- Complete all required fields including emergency contact info.
- Skippers/Owners: Click the button for "I intend to manage boats, crew and race entries"
- Opt in for email communications: Advised to receive info from Transpac about the race.
- Click UPDATE button at bottom to save.
- Agree to the waiver.

## **2. Add A Boat**

Click MY Boats

Click Add Boat

Enter the Sail # (format USA#####)

If boat found click, Add. If not found, create, add boat

Enter all required fields and click Update to save

## **3. Enter the Race**

Click Racing / Enter Races

If you skipped any required fields in previous steps, you'll be prompted to complete them now before entering a race.

Once complete, Click Racing / Enter Races and see the 2025 Transpac Race

Click Enter Race button

Check the box next to your entry fee and click Checkout button

You'll have option to pay entry fee and deposit, or just the required \$250 entry deposit.

Complete payment and you're registered!
