

## 2008 Tahiti Finish Reports

This page is to help you see the finish reports of your favorite yacht and their ETA or finish time. If a yacht has not finished yet, the times of their reports are recorded in the 100 mile and 10 mile columns, and their ETA is recorded in the *Recorded* Finish Time/ETA column. ETAs have (ETA) next to the time, are in red, and do not have seconds. If the yacht has finished their finish time is recorded in the *Recorded* Finish Time/ETA column. Finish times have seconds.

If I have not stressed this enough, all finish times on this page are *recorded* Finish times and do not take into account handicaps or penalties. Also, all finish times, etas and report times are in Pacific Daylight Time (PDT).
